Amigo	Various (SSB)	4149 USB	1400	800
Sonrisa	Various (Ham)	3968 LSB	1430	830

Notes:

- 1:** Morning nets are expected to be informal, no roll call, more 'chatty'.
- 2:** If you are listening in and no net control comes on, just announce yourself and see if any one else is listening.
- 3:** If this frequency is busy, the net will move up 3 hz
- 4:** Fill this in for your own radio, the channels are programmable, and might be different for your station. The frequencies are what count.
- 5:** These times are expected to change as the group travels west as designated by the net controller
- 6:** Boats can join any or all nets, these are just suggested groupings.
- 7:** Evening nets to be roll call alphabetically by the date you first checked into the net. It is more formal, please use the script.
- 8:** People are listening on this frequency most of the day. Call (ham or not) in any emergency.

dy, Carpe Ventu, Borboletta, Midnight Rider, Lulea
Aldebra, India, Arena, Starfire
